## End User License Agreement

The user MUST read and accept the **End User License Agreement** included with this software package BEFORE downloading and installing this software on the wall control.

## Revision History

### **Version 1.11 (June 2022)**

Version 1.11 software includes the following updates to the Series C Bryant Evolution Connex System Control:

- System monitor implemented to prevent over conditioning including a high and low temperature alert
- WPA3 security compatibility for Wi-Fi connection
- Functionality added for selection of new evaporator V Coil in the discovery screens
- New Over The Air (OTA) Status Indicator on the idle screen to indicate new firmware is being downloaded
- Temperature compensation algorithm improved for better temperature accuracy
